I. GENERAL PROVISIONS

1. These GENERAL TERMS AND CONDITIONS FOR SALE, hereinafter referred to as GTC, are the standard contractual terms applicable to all business transactions concluded between **AFER BULGARIA LTD.**, hereinafter referred to as the SELLER, as one party, and a natural person or legal entity, hereinafter referred to as the BUYER, as the other party, where the SELLER undertakes to transfer the ownership of and deliver, and the BUYER undertakes to pay for and accept the goods it has ordered.
2. Each transaction between the SELLER and the BUYER, hereinafter collectively referred to as the PARTIES, shall be subject to a sale and purchase contract, hereinafter referred to as the CONTRACT, specifying the special conditions agreed by the PARTIES. The CONTRACT shall specify the parameters of the concluded transaction in terms of type and description of the goods, quantity, packaging, price, delivery time, etc., as well as explicitly set out any deviations from these GTC, if such deviations have been agreed between the PARTIES. By signing the CONTRACT, the BUYER accepts and agrees that these GTC are binding. The CONTRACT shall become effective between the PARTIES from the moment the BUYER pays the full amount of the guarantee deposit under item 30 of these GTC.
3. The combination of the special conditions set out in the CONTRACT and these GTC comprises the entire agreement reached between the PARTIES in relation to the sale of the goods. All prior commitments, exchanged offers and counter-offers and other prior arrangements and agreements shall be binding on the PARTIES only if they are incorporated into the CONTRACT concluded between them.

II. INFORMATION REGARDING THE GOODS AND/OR SERVICE

4. Any statements made by the SELLER in printed materials and/or mass media and/or on a website regarding prices, technical and/or quality parameters or other information about the offered goods shall be binding on it only if that information is expressly stated in the CONTRACT.
5. Any samples of goods provided to the BUYER shall be for reference only and the SELLER shall not be liable for the full conformity of the delivered goods with the sample.
6. Any commercial information provided about the goods, including samples, analyses, as well as any price proposals (offers) made, shall be used by the PARTIES for the sole purpose of concluding the CONTRACT, and the BUYER shall not be entitled to disseminate it or provide it directly or indirectly to third parties.

III. ORDERING AND SHIPPING OF THE AGREED QUANTITIES

7. The BUYER shall be obliged to order and accept all the agreed quantities of the goods subject to the CONTRACT within the contractual term.
8. Allocation of the daily quantities under the CONTRACT.
 - i. The maximum daily dispatch of the agreed quantities shall be planned and agreed in the form of an indicative daily schedule upon signing of the sale and purchase CONTRACT, depending on the operating capacity of the SELLER and the number of working days during the term of execution of the CONTRACT.
 - ii. If no indicative schedule, within the meaning of the preceding paragraph, is agreed in the CONTRACT, the SELLER shall be obliged to deliver the goods in equal daily batches for each

- individual product subject to the CONTRACT within the agreed term.
9. The scheduling of the daily shipments, in the event that the BUYER wishes to receive daily quantities of goods other than those specified in the indicative schedule within the meaning of item 8(i) above, and in the absence of such schedule – the quantities due under the terms of item 8(ii) above, shall be carried out in the following order:
- i. On weekly basis, the BUYER, using the client portal available at <https://clients.agropolychim.bg>, shall upload its orders for expedition with its own transport specifying the concrete product, origin, package and planned (forecasted) for loading quantities under the CONTRACT (for FCA orders, Incoterms 2020). These quantities shall be allocated in each and every separate day of following week. The BUYER shall be able to select products, origin, packaging only from pre-approved lists of the SELLER which are available to the BUYER on the SELLER's portal. On weekly basis, the Buyer shall order requested quantities for shipment by Seller's means of transport (for DAP orders, Incoterms 2020). These quantities shall be allocated in each and every separate day of following week. In this case, after submitting the order, the BUYER shall receive from the SELLER a price offer for the transport service through the customer portal, which price should be confirmed or refused by the BUYER through the portal no later than 1 (one) day before the first date of loading.
 - ii. Weekly planning orders are accepted until 5:30 p.m. every Thursday of the week preceding the week of shipment of the goods.
 - iii. Weekly planning orders are reviewed, approved and/or amended by the SELLER between 10:30 a.m. and 11:30 a.m. every Friday of the week preceding the week of shipment of the goods. Any approvals and amendments shall be visible to the BUYER on the client portal and after making them, it shall be regarded as notified.
 - iv. Amended or approved order quantities shall be considered final and the BUYER shall be able to request shipping accordingly.
 - v. Notwithstanding the above, orders can also be accepted for the current week, but not later than 1 (one) day before the shipping – for FCA orders, and not later than 3 (three) days – for DAP orders, but only if the SELLER has the availability and capability to execute them.
 - vi. Shipping orders for the same calendar day shall not be accepted and fulfilled.
 - vii. The BUYER shall be entitled to reduce its estimate of the order within 24 hours prior to time of dispatch, but not later than 12:00 p.m. on the previous day, subject to the terms of item 11(ii) below.
 - viii. All orders in the client portal are tagged with a status depending on the progress of their approval. The BUYER is obligated to monitor the current status of its orders.
10. Nomination of vehicles.
- i. After the Seller's approval of the shipping orders for particular dates, time ranges will be available for the BUYER in the client portal to be selected and booked. The vacant time ranges shall be visible to the BUYER in the portal at the start of the process of nominating the vehicles.
 - ii. The duration of a time range is 3 hours and the first one starts at 12:01 a.m. every day.
 - iii. The quantities available for shipping within a certain time range shall be determined by the Seller depending on its current operating capability and shall be exhausted in the sequence of the received nominations.
 - iv. The time ranges booked and the vehicles nominated for already approved shipping orders do not require additional approval by the SELLER. This allows the BUYER to specify the details of each shipment at any time of the day for the current or following week using all vacant time ranges.

- v. Shipping orders, which are not prepaid or insured by a credit limit in the Seller's system shall be automatically blocked upon their presence until they are financially secured.
 - vi. In the event that the BUYER fails to execute the dispatch booked for a specific time range due to absence of the vehicle or lack of financial coverage, the requested quantity shall be loaded during a subsequent time range after the processing of all vehicles nominated for this specific time range at the discretion of the SELLER. The SELLER does not guarantee that the loading of the respective vehicle shall take place on the same calendar date on which the initial dispatch request is made.
 - vii. If the SELLER is responsible for a vehicle's failure to meet its 3-hour time range, it shall be loaded as early as possible during the next time range before all other vehicles nominated for that range, even if this requires an extension of the term of the CONTRACT in respect of the quantities concerned.
11. Deviation from the approved shipping plan.
- i. The quantities agreed in accordance with the indicative schedule referred to in item 8(i) shall be considered as the baseline for the purpose of specific planning and approval of the daily dispatch between the BUYER and the SELLER. The SELLER shall have no obligation to accept and fulfil orders of quantities of goods in excess of the previously agreed daily volume pursuant to item 8(i) above or, in the absence of such agreed volume, in excess of the quantities of goods due under the terms of item 8(ii) above.
 - ii. The approved daily quantity according to the weekly planning procedure of each CONTRACT (item 9) may be increased/decreased on BUYER's request up to 15 % of the approved volume for the respective day (rounded up to the weight of one shipping unit – 25 tonnes). Each request for increase shall be subject to approval by the SELLER.
 - iii. If, through the BUYER's fault, the actual daily quantity loaded is smaller

than the quantity approved by the SELLER and the outstanding quantity exceeds 15% (rounded up to the weight of one loading unit - 25 tonnes), the BUYER shall owe a penalty in accordance with the procedure laid down in item 68 of these GTC.

IV. DELIVERY OF THE GOODS

- 12. Except as otherwise provided in the CONTRACT, the delivery condition for the goods by the SELLER to the BUYER is in the warehouse of AGROPOLYCHIM AD in the town of Devnya, loaded on a carrier's means of transport (Free Carrier (FCA)), according to INCOTERMS 2020, developed and published by the International Chamber of Commerce in Paris (ICC).
- 13. The delivery of the goods subject to the CONTRACT shall be carried out on the basis of electronic dispatch requests generated by the electronic customer portal of the SELLER under the terms and within the deadlines specified in the preceding Section III. Requests for rail transport can be made by e-mail. The dispatch requests must contain: shipment date; description of the goods; packaging; quantity; place of unloading the goods (for vehicles leaving the country); name and address of the final recipient of the goods (consignee), if different from the BUYER, declarations, confirmations and/or notifications related to the organization of transportation. In addition to the above, the following shall also be indicated in the requests for delivery:
 - for road transport – registration plate number of the vehicle (tow truck); registration plate number of the trailer (for vehicles leaving the country); name, surname and PIN of the vehicle driver; ID card or passport number (for foreign drivers);
 - for railway transport – number of wagons, registration numbers of the wagons.
- 14. Unless otherwise agreed in the CONTRACT, the SELLER shall be under an obligation to deliver the goods in accordance with the terms of item 8(ii) of these GTC.
- 15. In the event that no time period has been agreed for the delivery of the goods, the time period shall commence on the date of signature of the CONTRACT.
- 16. The date of fulfilment of the SELLER's obligations under this CONTRACT shall be the

date of loading the goods, reflected in the taking-over certificate accompanying the goods, unless otherwise provided for in the CONTRACT.

17. The SELLER shall fulfil its obligations under the CONTRACT by loading the goods on the vehicle (car, railway wagon, etc.), whether rented by the BUYER or provided by the SELLER, or by handing over the goods to a shipping agent designated by the BUYER, unless otherwise provided for in the CONTRACT.
18. Following the delivery of the goods by the SELLER to the BUYER, the BUYER shall be responsible for any damage caused by its failure to comply with the applicable provisions of the regulations referred to in Section XII.
19. The quantity of the goods handed over to the BUYER shall be the quantity specified in the documents issued by the SELLER. Such quantity shall be verified using the commercial metering devices installed in the place of loading and owned by the warehouse operator.
20. In the event that, by fault of the SELLER, the quantities ordered and accepted for shipment during a given calendar week are not delivered in accordance with the timetable confirmed between the PARTIES, the SELLER undertakes to carry out such dispatches in a subsequent period, even if this requires an extension of the term of the CONTRACT. In this case, the BUYER shall have the right to refuse to accept the subsequent delivery of the goods that were not shipped within the agreed period, if the extension of the delivery time proposed by the SELLER exceeds half the term of the CONTRACT. However, the SELLER shall not be obliged to pay any sanctions, penalties and/or damages as a result of the delayed delivery under no circumstances beyond its obligation to deliver the undelivered quantities. In the event that, by fault of the BUYER, the quantities ordered and accepted for shipment during a given calendar week are not delivered in accordance with the timetable confirmed between the PARTIES, the BUYER undertakes to order and accept such dispatches in a subsequent period, even if this requires an extension of the term of the AGREEMENT. In such situations, the SELLER shall have the right to refuse the subsequent delivery of the goods that was not shipped by fault of the BUYER.

V. PRICE

21. The price of the goods shall be determined by the PARTIES upon the conclusion of the CONTRACT and shall be expressly stated as a special condition.
22. The price of the goods shall be fixed and may not be amended, unless after the signing of the CONTRACT legislative changes in the tax regime of the transaction occur, e.g. new taxes, duties, excise duties, levies, fees, etc. are introduced or applicable rates are changed.
23. Value added tax (VAT) shall be accrued on the price of the goods if such a tax is payable for the specific transaction.
24. VAT shall not be charged if the supply is intra-Community and therefore exempt from tax. A mandatory condition for tax exemption is that the BUYER has a VAT identification number issued by a respective EU Member State, other than the Republic of Bulgaria, valid as of the respective delivery date, and the goods to arrive in another EU Member State. In order to prove tax exemption, the BUYER shall be obliged to notify the SELLER of its VAT identification number prior to the delivery of the goods. The BUYER shall also be obliged to acknowledge the receipt of the goods in the respective Member State of the European Union (EU), indicating the relevant date and place by sending an official confirmation letter in accordance with items 47 of these GTC.
25. If the BUYER fails to fulfil its obligation under items 24, 41, 47 and 48 of these GTC or it turns out that the delivery in question does not comply with the requirements for an intra-Community supply exempt from tax, specified in Article 138 of Council Directive 2006/112/EC on the common system of value added tax and the respective requirements in the Bulgarian VAT Act, the SELLER shall be entitled to charge the VAT due additionally. Where an invoice has already been issued for the supply, the SELLER shall have the right to charge VAT at a later stage.
26. The BUYER hereby confirms that it has been duly informed by the SELLER and is fully aware that in case of any change in any of the circumstances referred to in Clauses 42.1 or 42.2 below, relating to the goods ordered under Section III above, this change shall trigger obligation for the SELLER to charge 20 % Bulgarian VAT on the respective supply to the BUYER, that VAT being due and payable by the BUYER within the deadlines under the CONTRACT.

VI. PAYMENT TERMS. GUARANTEE DEPOSIT

27. The BUYER shall be obliged to pay the price specified in the CONTRACT, and if no contract has been concluded – the price of the goods as per the sales order, in advance, not later than the day preceding the requested date of handing over of the goods by the SELLER.
28. The BUYER shall be obliged to pay the price of the goods via a bank transfer, so that the amount due is fully credited to the bank account specified by the SELLER, without any reductions, withholding, counterclaims or deductions. All commissions and fees accrued and collected by the servicing banks of the BUYER and the SELLER for the bank transfer shall be borne by the BUYER.
29. Goods shall be shipped from the SELLER's warehouse after the funds transferred as payment of the full price of the goods are credited to the bank account of the SELLER and the payment received is entered in the SELLER's information system based on a bank statement received from the SELLER's bank.
30. The BUYER shall pay the SELLER a guarantee deposit in the amount and within the deadline agreed in the CONTRACT. The SELLER shall not owe the BUYER any interest on the guarantee deposit funds for the period during which they were available. The guarantee deposit shall serve as security for the full performance of all obligations of the BUYER under the CONTRACT, including but not limited to: payment of the sales price under the CONTRACT; ordering and/or delivery of all quantities of goods agreed in the CONTRACT; payment of all penalties provided for in the CONTRACT and these GTC; payment of damages, etc., as well as for all receivables of the SELLER in connection with the cancellation of the CONTRACT through the BUYER's fault.
31. The SELLER shall draw down the amount of the guarantee deposit in full or in part if the BUYER fails to fulfil all or part of its obligations under the CONTRACT, including the payment of penalties, as well as in the event that the CONTRACT is cancelled through the BUYER's fault. The SELLER shall be entitled to draw down the amount of the guarantee deposit without prejudice to its right to seek compensation for any damage or loss of profit in accordance with the general procedure.
32. If there are no grounds for the drawdown of the guarantee deposit, it shall be set off against the advance payments due for shipment of the

last consignments under the Contract, unless the PARTIES have expressly agreed for its release.

VII. CREDIT LIMITS

33. In the event that the PARTIES agree that the price under the CONTRACT shall be payable within a specified period after the date of shipment of the goods, the BUYER's total liabilities for unpaid invoices at the date of shipment may not exceed the specific amount determined in accordance with the procedure laid down in item 34 of these GTC, hereinafter referred to as credit limit for the purposes of the GTC.
34. The SELLER shall determine the amount of the credit limit unilaterally and at its sole discretion in compliance with its internal policies and procedures, and has the freedom to reduce or withdraw at any time.
35. The SELLER shall have the right to refuse to accept BUYER's delivery requests and shall not be liable for damages for any losses suffered and/or loss of profit of the BUYER related hereto, in case that, upon execution of certain delivery, the total value of the outstanding invoices would exceed the approved credit limit. Upon reaching the approved credit limit amount, the BUYER shall have the right to resume its deliveries of goods under the CONTRACT, upon receipt of a subsequent payment under invoices issued for performed deliveries into the SELLER's bank accounts. The payment should be for such an amount that upon issuance of the invoice for the following delivery requested, the total amount of the outstanding invoices does not exceed the approved credit limit.
36. In the event of reduction or withdrawal of the credit limit by the SELLER, the respective amount or the total amount payable under invoices issued for credit sales, which are outstanding as of the date of the reduction or withdrawal of the credit limit, shall become immediately payable upon the SELLER sending a written notice to the BUYER's e-mail, upon the SELLER's statement of reduction or withdrawal of the credit limit and shall be settled by the SELLER in the sequence of their issuance (in chronological order) – from the earliest to the latest issued invoice, regardless of the BUYER's instructions added to the relevant banking documents for the payments

performed after the date of reduction or withdrawal of the credit limit.

37. In the event of withdrawal of the credit limit by the SELLER, all subsequent deliveries of goods under the CONTRACT shall be paid in advance in accordance with items 27 and 28 of these GTC.

VIII. DEFAULT ON PAYMENTS

38. In the event of default of due payment under issued invoices, in order to mitigate its credit risk, the SELLER shall have the right to refuse to accept requests for delivery of goods to the BUYER and shall not be liable for damages for any losses suffered and/or loss of profit of the BUYER related hereto. In this case the processing of delivery requests might be resumed by the SELLER only upon receipt of all amounts payable under overdue invoices into the SELLER's bank accounts.
39. In the event of default on any payment under the CONTRACT, as well as in the event that the SELLER is entitled to a default penalty for non-performance of the CONTRACT or its cancellation through the fault of the BUYER, the SELLER shall have the right, at its sole discretion, to declare all its receivables from the defaulting BUYER arising from other contracts entered into with the BUYER to be fully or partially due and payable and to offset the amounts received under such other contracts against the overdue payments under the CONTRACT.
